

# HIGH TEMPERATURE MASKING TAPE(MK-447)

## Product Code:MK-447

With a water based acrylic type adhesive, this tape is an environment-friendly product. Offers good adhesion and high temperature resistance as 150 , it is ideal for masking of smooth materials like plastic, metal and glass and could be removed from these materials without damage after long under indirect sunlight.

## Description

### Features:

- Environment-friendly
- good adhesive strength
- Excellent ability to maintain adhesive strength , no residue

### Typical Applications:

- For electronic industry and protect computer screen
- masking of plastic, metal and glass.

### Available Colors:

milk white,yellow,blue,red,green,black

### Available Sizes:

Width: 3mm--990mm

Length: up to 150m

jumbo rolls up to 1800m

### Physical Properties:

Testing Items	Value
Backing	Crepe paper
Adhesive	Acrylic Water Based
Tape Thickness	155micron±5micron(6.2mil/0.155mm)
Adhesion to Steel	≥5.5N/25mm(20.1oz/in)
Tensile Strength	≥50N/25mm(11.4lbs/in)
Temperature	150°C (2 Hours)
Elongation at Break	≥18%

Note: The above technical data is obtained from tests and does not represent a guarantee of product performance. Individual rolls may vary slightly from these averages.
